13th September 2018

Dear Parents and Carers,

Year 4 are currently learning about teeth, eating and digestion in Science. To help us gain a better understanding of which of the different role each type of human tooth performs, we would like to include a simple activity where the children eat a selection of basic foods: apples, crusty bread and toffees.

Please return the form below, via your child, by Tuesday 18th September to confirm whether you are happy for your child to take part in this activity and to let us know if there are any allergies to those foods that we should be aware of. In the case of wheat / gluten allergies, we will be happy to provide free-from bread.

Yours sincerely,

Miss Ward

Assistant Headteacher Y4

Year 4 Teeth & Eating Food Tasting

Child's name _____

Class _____

I give permission for my child to take part in the food tasting session during science.

I do not give permission for my child to take part in this session.
